PURPOSE AND SUMMARY

The purpose of H.R. 1447 is to amend title 49, United States Code, to direct the Assistant Secretary of Homeland Security (Transportation Security Administration) to establish an Aviation Security Advisory Committee, and for other purposes.

BACKGROUND AND NEED FOR LEGISLATION

The Federal Aviation Administration (FAA) established the Aviation Security Advisory Committee (ASAC) in 1989 following the bombing of Pan American World Airways Flight 103. When the Transportation Security Administration (TSA) was established, the sponsorship of the ASAC transferred to TSA. Despite significant contributions to TSA policymaking, particularly with respect to air cargo security, and strong support from aviation security stakeholders who participated in the ASAC, TSA allowed the ASAC's charter to expire. Three months after Rep. Bennie G. Thompson introduced this legislation, on July 7, 2011, TSA published an announcement in the *Federal Register* to re-establish the ASAC, providing a setting for the aviation industry to formally provide TSA with their insights into the practical, on-the-ground considerations and impact of aviation security policies.

H.R. 1447 provides for the establishment of an ASAC to assist and make recommendations to the TSA Assistant Secretary on aviation security matters, including the development and implementation of policies, programs, rulemaking, and security directives pertaining to aviation security. The ASAC is directed to meet at least semi-annually and be composed of not more than 27 members including representatives from air carriers, all cargo air transportation, indirect air carriers, labor organizations representing air carrier employees, aircraft manufacturers, airport operators, general aviation, privacy, the travel industry, and the aviation technology security industry, including biometrics.

HEARINGS

Although no hearings were held directly on H.R. 1447, in the 112th Congress, the issue of a standing advisory committee to inform aviation security policy at TSA was discussed at the Subcommittee on Transportation Security hearing entitled "Authorizing the Transportation Security Administration for Fiscal Years 2012 and 2013" on June 2, 2011. The Subcommittee received testimony from Hon. John S. Pistole, Administrator, Transportation Security Administration, Department of Homeland Security.

COMMITTEE CONSIDERATION

The Committee met on September 21, 2011, to consider H.R. 1447, and ordered the measure to be reported to the House with a favorable recommendation, without amendment, by voice vote.

COMMITTEE VOTES

Clause 3(b) of rule XIII of the Rules of the House of Representatives requires the Committee to list the recorded votes on the motion to report legislation and amendments thereto.

No recorded votes were requested during consideration of H.R. 1447.

COMMITTEE OVERSIGHT FINDINGS

Pursuant to clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee has held oversight hearings and made findings that are reflected in this report.

NEW BUDGET AUTHORITY, ENTITLEMENT AUTHORITY, AND TAX EXPENDITURES

In compliance with clause 3(c)(2) of rule XIII of the Rules of the House of Representatives, the Committee finds that H.R. 1447, the Aviation Security Stakeholder Participation Act of 2011, would result in no new or increased budget authority, entitlement authority, or tax expenditures or revenues.

CONGRESSIONAL BUDGET OFFICE ESTIMATE

The Committee adopts as its own the cost estimate prepared by the Director of the Congressional Budget Office pursuant to section 402 of the Congressional Budget Act of 1974.

SEPTEMBER 29, 2011.

Hon. PETER T. KING,
*Chairman, Committee on Homeland Security,
House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 1447, the Aviation Security Stakeholder Participation Act of 2011.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Megan Carroll.

Sincerely,

DOUGLAS W. ELMENDORF.

Enclosure.

H.R. 1447—Aviation Security Stakeholder Participation Act of 2011

Under current law, the Transportation Security Administration's (TSA's) Aviation Security Advisory Committee advises the Assistant Secretary of Homeland Security on issues related to aviation security. H.R. 1447 would amend current law to require the Assistant Secretary to establish a variety of working groups within that advisory committee to make recommendations related to the security of air cargo systems, general aviation facilities and operations, and airport perimeters.

Based on information from TSA, CBO estimates that any increase in federal spending to fulfill new requirements under H.R. 1447 would total less than \$500,000 annually, and would be subject to the availability of appropriated funds. H.R. 1447 would not affect direct spending or receipts; therefore, pay-as-you-go procedures do not apply.

H.R. 1447 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Megan Carroll. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.

STATEMENT OF GENERAL PERFORMANCE GOALS AND OBJECTIVES

Pursuant to clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, H.R. 1447 contains the following general performance goals, and objectives, including outcome related goals and objectives authorized.

This legislation requires the Advisory Committee to submit to the TSA Assistant Secretary an annual report containing information on its activities, findings, and recommendations. H.R. 1447 directs the establishment of the following three working groups: (1) the air cargo security working group; (2) the general aviation security working group; and (3) the perimeter security working group. Members of the Advisory Committee with specialized knowledge in these areas are to be appointed to each working group. Additionally, to bring focus to particular aviation security challenges, the working groups are directed to provide information and recommendations to the Advisory Committee for inclusion in the annual report.

CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, AND LIMITED TARIFF BENEFITS

In compliance with rule XXI of the Rules of the House of Representatives, this bill, as reported, contains no congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9(e), 9(f), or 9(g) of the rule XXI.

FEDERAL MANDATES STATEMENT

The Committee adopts as its own the estimate of Federal mandates prepared by the Director of the Congressional Budget Office pursuant to section 423 of the Unfunded Mandates Reform Act.

PREEMPTION CLARIFICATION

In compliance with section 423 of the Congressional Budget Act of 1974, requiring the report of any Committee on a bill or joint resolution to include a statement on the extent to which the bill or joint resolution intended to preempt State, local, or Tribal law, the Committee finds that H.R. 1447 does not preempt any State, local, or Tribal law.

ADVISORY COMMITTEE STATEMENT

The Aviation Security Advisory Committee established in H.R. 1447 is exempt from the Federal Advisory Committee Act (FACA).

APPLICABILITY TO LEGISLATIVE BRANCH

The Committee finds that the legislation does not relate to the terms and conditions of employment or access to public services or accommodations within the meaning of section 102(b)(3) of the Congressional Accountability Act.
